

WELCOMING HOMES

**Where Compassion Meets Action—
Supporting Young Adult Asylum Seekers and Refugees**

Could yours be one of the region's Welcoming Homes?

Welcoming Homes matches refugee and asylum-seeking young adults with safe homes and caring families. Our families have room in their homes and in their lives to provide a residential environment with opportunities for basic human needs met in a restorative atmosphere.

History Of The Project

Mindy Maslin and Sidney Ozer, a Germantown couple, hosted 2 young adult immigrants long-term. They realized this homestay experience benefited both the guests, and them, the hosting family. Recognizing that the Philadelphia region has many young adult immigrants in need of homes and families as well as a likely population of potential families, Mindy and Sid created Welcoming Homes.
